FOREWORD

This bibliography consists predominantly of excerpts from a much more extensive bibliography on continuing education. Its major purpose is to make readily available the titles of most relevant and most recent works for a Presidential Commission and a Continuing Education Service Task Force on Life Long Learning, an International Programs Seminar on Non-Formal Education, a course and a seminar for graduate students in continuing education and others who may find it helpful.

Entries are confined almost entirely to non-annotated listings of books, periodicals, series publications and Federal Statutes. Persons seeking specific articles, research reports or occasional papers are encouraged to consult such standard reference guides as Reader's Guide to Periodical Literature, Social Science and Humanities Index, Education Index, Current Index to Journals in Education, Public Affairs Information Service, Dissertation Abstracts International, Research in Education (RIE), or the microfiche files of Educational Resources Information Centers (ERIC), especially the centers for adult education, community colleges, higher education, counseling, educational administration and educational technology, and a good reference librarian.

Special appreciation is recorded for the prompt and excellent assistance of Miss Sue Horvath, Mrs. Sandra Loiselle, Miss Kathleen Taylor and Mr. Gilbert Apps in the timely preparation of this booklet.
